Dear Andy,

Re: Replacement Windows – Everett House and Tithe Barn

This is just a quick thank you for the superb job your team carried out on the above properties.

They worked very hard to achieve the deadline and as well as good workmanship they left the rooms spotless after they had finished.

Although we were very pleased with Everett House, we were thrilled with the Tithe barn Theatre, which involved enlarging the window openings and blending in the shiplap cladding to the exterior. They look as if they have always been there.

Thank you and well done.

Yours sincerely,

David Greer
Estate Manager
